NEW ARMY RATION STANDS HARD TEST

Fifty Cavalrymen Give Week's Trial to Food Prepared by Board of Officers.

keepers, stenographers, etc.

FORT RENO, O. T., December 7.—The Board of Officers appointed by the War Department to test the value of emergency rations, returned here to-day, after a week's march in the Wachita and Caddo Indian reservations with a command of twenty-five men from Troop A, Fort Reno, and twenty-five from Troop C, Fort Sill, all of the Eighth Cavalry.

This was the Board's fourth and final test in Oklahoma, the experiment having been in progress for more than a month.

been in progress for more than a month, under the direction of Captain S. W. Fountain, Eighth Cavairy, and Captain F. W. Foster, Flifth Cavalry, who will go at once to Washington to submit their finding to the War Department.

The officers are not permitted to express opinions in advance of their official report, but enough is known from observations in the field to warrant the statement that the Board will recommend that its own ration be adopted.

The War Department asked for a ration

occupying the least possible amount of space, and that would keep soldiers sent into a hostile country, remote from their base of supplies, in good health and strength for from three to five days. With the Board's own ration the men did not lose in weight, their health was good, and the food was more palatable at the end of five days than on the first day. This ration having given most satisfac tion, it was decided to use it in a final and rigid test.

To make the conditions as severe as possible the men were taken into an uninhabited Indian reservation, where they were unable to get any food, and made they are the second to the second test of the second tes to observe the same discipline as troop to observe the same discipline as troops in actual warfare. They rode an average of twenty miles a day in a broken country, in a crisp, invigorating atmosphere and after going into camp many of them tramped for hours, hunting game, before they were permitted to eat.

Not one of the fifty men became ill.

Practically all maintained their weight and strength. The Board's ration weighs one pound,

REEDVILLE, VA., Dec. 8 .- Reedville is an old settlement near the mouth of the Wicomico River, on the peninsula that forms the county of Northumberland, and verlooks a fine, broad creek on one side on the other.
Before many years steam and electric

lines will connect at the splendid Northern Neck country with Richmond and the balance of Virginia, and then it will be patitice of virginia, and then it will be in fact, as well as in name, a part of the Old Dominion instead of a dependency on the city of Baltimore.

When this day comes perhaps we will hear more of Reedville. It is already protruding itself on public notice. A correspondent of the Northern Neck News from Reedville says:

Inhospitable Host.

At a swell coon ball given at the rest-dence of Spicer Pearson, in Belfield, last Wednesday night, the host assaulted Sterling Jones with an axe. Jones went away but soon returned, when the quarrel wat renewed, and Jones shot at Pearson five times, but missing his mark, or if he hit Pearson the balls glanced off, leaving no signs of having hit him. Jones made his escape. Pearson was arrested and fined \$2.50 and cost for assault.—Emporta Mes-
